

"BIG TIM" AND MURPHY HAVE WORKING PLAN

They Won't Clash Until the Primary Fights Are All Over.

RESPECTS LEADERSHIP.

If Murphy Wins in Primaries the Sullivan Will Support Him.

Charles Francis Murphy smiled like a Cheshire cat when a reporter for The Evening World asked him to-day if he had had an amicable understanding with the clan of the Sullivans.

"You had better ask them if they are with me or not," replied Mr. Murphy, with a coy twinkle in the left eye. As a matter of fact it is known that Murphy and Big Tim of that ilk have been making political history in the last few hours. Last night the head of the Sullivan went to Mr. Murphy's town house in West Seventeenth street and spent several hours there. Before he had left it is said that the two agreed upon a working plan.

and the terms of it are these: Sullivan is to respect Mr. Murphy's leadership as long as he is leader. Each, however, is to pursue his separate course after the primaries. Then there will be a coming of peace. Murphy still controls the Executive Committee of Tammany Hall the Sullivan will give him loyal support, which is magnanimous of them, seeing that their own self-interests would dictate some course which if Murphy does win out.

The reporter followed up his first question by asking Mr. Murphy if he still thought Hearst had a strong following in the Wigra for the Democratic nomination for Governor.

"We must wait until convention times to find out those things," said Mr. Murphy.

"How about the action of the Independence League in declaring for a 'straight ticket'?"

"Nothing to say," replied Mr. Murphy. "Do you think it advisable for the Democrats to trade with the league?"

"You must wait for the convention," said Mr. Murphy. "I have no more to say on those questions better than I can."

"Would you be willing to accept Congressman William Sulzer as the choice of Tammany?"

"I am for whoever the party wants," replied Mr. Murphy. "Speaking of the effort to Sulzer, it may be inserted right here that 'Little Tim' repeated last night his statement of the other day—a statement which has been variously construed as a promise and a threat."

"Keep your eye on Billy Sulzer," Little Tim said. "Watch him when the time comes to nominate a candidate for Governor."

Conviction is strengthening in Tammany Hall that the Sullivan, in his campaign at the State Chairmanship, will start an open campaign in Sulzer's behalf before the end of the week. Sulzer set in at a conference with the heads of the clan on Monday at "Big Tim's" place at College Point.

ODELL NOT TO BE A CANDIDATE FOR STATE BOSS AGAIN.

BUFFALO, N. Y., Sept. 12.—William C. Warren, Republican State Committeeman, in an interview published to-day, declares that Odell will not be a candidate for re-election as State Chairman.

"The other side in the local fight in Erie County," he says, "is trying to make it appear that it is Odell against Odell. Mr. Odell is not a candidate for any office. He is not a candidate for State Chairman and he will not be a candidate for State Chairman. This local fight is a clean-cut issue between Postmaster Greiner and myself for the leadership."

MADE SPEECHES IN PENN. TUNNEL AT STATE LINE

Engineers Take Trip In Tube to Celebrate Connecting of States.

A party of one hundred engineers connected with the Pennsylvania Railroad's terminal work in this city and on the Jersey shore passed through the new tunnel from Weehawken to Manhattan to-day. At the line dividing the States of New York and New Jersey, far under the bed of the North River, there was a speech-making and cheering over the completion of the first link in the chain that is to bind New York more closely to the rest of the country.

To-day's excursion signified the completion of one of the great tubes through which trains are to be run. The outer shell of the tunnel is all in place. The interior work remains to be done. The trip of the engineers was made in an air pressure of twenty-eight pounds to the square inch, the bottom of the tunnel was deep with mud and water and the temperature was something awful, but the untoward condition did not affect the enthusiasm of the excursionists.

Charles M. Jacobs, Chief Engineer of the Pennsylvania Railroad, under whose supervision the tunnel work was begun and carried on, was in charge of the party. He was the only official of the railroad in the celebration. Alfred Nobel, Chief Engineer of the East River tunnel, James Forgie, Chief Assistant Engineer of the O'Rourke Construction Company, and others were also present.

In the engineering world led their assistants. The entire field staff of the O'Rourke Construction Company took a day off to go through the tunnel. Some fifty men left the New York Central docks at the foot of West Thirtieth street on the Pennsylvania Railroad for the trip and landed at Weehawken, a short distance from the tunnel. They were joined there by about one hundred engineers and workmen. One of the young engineers named Graves became ill after he had put on his diving suit and the air pressure.

A hand car pushed by a couple of men, Jacobs and the leading engineers, went out to the end of the tunnel.

"Do you think it advisable for the Democrats to trade with the league?" said Mr. Murphy. "I have no more to say on those questions better than I can."

"Would you be willing to accept Congressman William Sulzer as the choice of Tammany?"

"I am for whoever the party wants," replied Mr. Murphy. "Speaking of the effort to Sulzer, it may be inserted right here that 'Little Tim' repeated last night his statement of the other day—a statement which has been variously construed as a promise and a threat."

SIX CAPTAINS ARE SHIFTED IN POLICE SHAKE-UP

Gen. Bingham Apparently Taking Hand in the Political Game.

Police Commissioner Bingham took a hand in the game of politics to-day and shifted six police captains. The precinct commanders obtained precincts with three others, the most important shift being that in which Capt. James J. Langgan and Capt. William Hodgins were shifted.

Capt. Hodgins is taken from City Island and placed in charge of the East Eighty-eighth street station, one of the most important on the west side of Manhattan.

Capt. Langgan, whose political affiliations are said to be strongly pro-Murphy, goes to City Island.

Capt. Dennis J. Brennan goes from Tremont to Kingsbridge, changing places with Capt. James McElroy.

The Tremont station is in the heart of the Bronx fight against Borough President Hoffman, and Capt. McElroy is a McClellan man.

Mannion, who is said to be in sympathy with the Murphy wing in Tammany Hall, is jumped all the way from Morrisania to Gates avenue, in Brooklyn, changing places with Capt. Pooley, a McClellan man.

The transfers were made some time during the morning, immediately following a visit paid by Frank O'Brien, the Mayor's secretary, to Police Headquarters, but were not made public until late this afternoon. Then the news came by way of the Bronx or Harlem from some one who knew that Capt. Hodgins and Langgan were getting ready to change places.

LITTLE CHILD KILLS HERSELF WITH PISTOL.

Five-Year-Old Sadie De Liso Took the Revolver from the Mantel-Place.

Five-year-old Sadie De Liso, of No. 144 Twenty-ninth street, Brooklyn, lies dead at her home to-day the victim of an old revolver which she had taken from the mantel.

The child, with her mother and sister, was visiting the family of Andrew Papler at No. 149 Twenty-ninth street. Mrs. De Liso and her elder daughter were in the kitchen talking to Mrs. Papler. They suddenly heard a shot, and rushing into the parlor found the child lying on the floor with a revolver at her side.

Investigation revealed that she had been playing with the pistol, and, getting a coal she brought it near her face, the pistol was fired. Then it is believed she touched the trigger and it exploded.

An ambulance was hurriedly summoned from the Brooklyn hospital, but when it arrived Dr. Bayles found the child dead.

The shot had penetrated between the eyes and caused instant death.

RICH CHICAGO WOMAN IS STRANGELY MISSING.

CHICAGO, Sept. 12.—The police were to-day requested by the relatives of Mrs. Sarah A. Bozman, a wealthy widow residing at No. 1011 Princeton avenue, to make a search for her last Wednesday night. Mrs. Bozman attended a meeting of a fraternal society in which she was interested, and since that time she has not been seen by her friends, nor has anything been heard from her.

Who said in the hope of striking large sums of money with her, and she is believed by her family to have been either murdered or to have been detained somewhere in the hope of extorting money from her.

FOUR ARE INJURED IN AUTO SPILL

One May Die From Injuries Received in Overturning of Car.

One man is in a dying condition in the Flatbush Hospital and two others are suffering serious injuries as the result of an automobile accident to-day when the car was at its tilt.

The mishap took place at Broadway and Whitehouse road, Flushing. Two chauffeurs were turning the corner when the driver of the machine—a huge touring car belonging to the Glenier Manufacturing Company, of Astoria—struck the sidewalk and overturned, wrecking the car and throwing the quartet violently to the ground.

The injured are: Walter Schultz, twenty-four years old, the chauffeur, of No. 14 Central avenue, who received internal injuries from which he will probably die.

William A. Doley, twenty-six years old, of Chicago, fractures of both arms.

Daniel Noble, twenty-one years old, of No. 21 East Thirty-first street, Manhattan, injuries of left shoulder and hand.

William L. Swan, twenty-four years old, of No. 28 Grand street, Manhattan, was the only one of the quartet who escaped injury.

The wounds of the men were dressed by Dr. Nelson of Flushing Hospital, where they were removed to that institution.

FILIPINOS ROUTED IN NIGHT ATTACK

Natives Swarm Into Camp, Kill Two Americans, but Lose Heavily.

SAN FRANCISCO, Sept. 12.—A special despatch from Manila says that in revenge for the punishment inflicted upon them by the regular troops for the killing of Lieut. Roscoe Treadwell, of the Philippine scouts, the Pulajanes attacked a detachment of the Twenty-fourth Infantry (colored) last Monday night, and before they could be driven back they killed two and wounded eight of the colored soldiers.

The Twenty-fourth then went into camp at Bura, Lete, near the scene of the engagement. The band returned during the night, and the outpost was held.

In the confusion of the darkness, the regulars were lured into the fight with their pistols and bayonets and finally routed the Pulajanes, killing and wounding many of them.

In the darkness a few of the Pulajanes escaped.

ROCKEFELLER PLEA IN COURT "NOT GUILTY."

FINDLAY, O., Sept. 12.—A plea of "not guilty" has been entered in the Probate Court here by John D. Rockefeller for the charge of violating the anti-trust law through the Standard Oil Company. Mr. Rockefeller was not personally in court. He pleaded through an attorney.

The defendants in the cases against the Standard Oil Company were arraigned in the same way and each demanded a separate trial by jury.

KILLED HIMSELF WHEN HIS WIFE GOT NEW FLAT

August Herthaus Vainly Told Her that He Was Too Old to Move.

Because his wife insisted that the apartments in which they were living were too lowly and had made up her mind to move, August Herthaus, sixty-two years old, of No. 157 West One Hundred and Twenty-ninth street, ended his life to-day by shooting himself through the right temple.

Herthaus for many years kept a small barber shop at One Hundred and Nineteenth street and Fifth avenue. He was a prosperous, and recently retired with a sufficient sum of money to keep himself, wife and only daughter comfortable for the remainder of their lives.

They had continually complained that the apartments in which they lived were not modern, and often implied the old man to move. They again approached him to-day, but he would not consent. At length he told them:

"I am too old. Let us live here until I die."

Mrs. Herthaus and her daughter were shocked, however, and they started out hunting. They had been a few minutes when the aged man went to a bureau drawer, got a revolver and fired two shots into his temple.

Neighbors summoned Dr. C. S. Patterson, of No. 129 West One Hundred and Twenty-ninth street, who said the first shot would have been sufficient to cause Herthaus's death.

DUCHESS OF FIFE UNDER THE SURGEON'S KNIFE.

Daughter of King Edward Survives Severe Operation, but Recovers Will Be Slow.

LOXDON, Sept. 12.—The Duchess of Fife, elder daughter of King Edward, underwent an operation on Monday at the Lister Hospital, which was the outcome of severe complications following a chill.

She is making satisfactory progress, but her convalescence will take several weeks.

HORRIBLE DREAMS Fortunately Don't Always Come True.

Whether dreams are the result of things we have thought about the day previous, or to something we have eaten is sometimes a question hard to answer.

A Penna. woman has noticed that horrible dreams came from the excessive use of coffee. She writes:

"For 20 years I've been drinking coffee and have been troubled more or less with nervous headaches, shortness of breath, horrible dreams and palpitation of the heart."

"The doctor said I would have to give up coffee—said I had what is called 'coffee heart.' I would try to stop it, only to begin again worse than ever."

"One day I read an advertisement about Postum and decided to try it. The effect was simply wonderful. I quit coffee and each day I drank Postum, and in a week I began to grow stronger and less nervous. This kept on until now I feel like a entirely different woman. To my friends who ask me what has brought about such a change in so short a time, I say 'It's Postum.'"

"I have now been using Postum for two and a half months and have not the least desire for coffee. I find Postum tastes best by putting it in cold water and letting it come to a boil slowly—then boil it 25 minutes." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pages. "There's a reason."

12 KILLED IN WRECK OF FLYER ON CAN. PACIFIC

MONTREAL, Sept. 12.—A Canadian Pacific Railway passenger train was run into at Axilla, the first station west of Sudbury, by an eastbound Winnipeg express early to-day.

Twelve persons were killed and many injured. The engineer of the express says his airbrake had been tampered with and the air allowed to escape and he could not stop.

TORONTO, Sept. 12.—Local Canadian Pacific officials have just received a message stating that fourteen persons were killed in the Sudbury wreck. No particulars were given and no details have reached Toronto.

RINGGOLD, Ga., Sept. 12.—Seven men were killed early to-day in a collision here of freight trains No. 8 and 13 on the Western and Atlantic Railroad.

The accident was due to the overlooking of others by the engineer of No. 8 who met his death. As did the engineer of No. 13. The other victims were all train hands.

Both engines were demolished and five cars loaded with wheat were splintered.

ULCERS IN EYES SIGHT THREATENED

Awful Discharge From Eyes and Nose—Would Have Left Scars Except for Cuticura—Under Specialists' Care for Months—Grateful for Benefit Her Little Boy Received and

STRONGLY RECOMMENDS CUTICURA REMEDIES

"I used the Cuticura Remedies eight years ago for my little boy who had ulcers in the eyes which resulted from vaccination. His face and nose were in a bad state also. At one time we thought he would lose his sight forever, and at that time he was in the hospital for seven or eight months and under specialists. The Cuticura Remedies saved him and he was back in school in a few days. He had no scars and no marks on his face. I feel sure had it not been for the free use of the Cuticura Remedies. But through it all we used the Cuticura Soap, Ointment, and Resolvent, and lots of it, and I feel grateful for the benefit he received from them."

The Cuticura Remedies are so good for the trouble out, the Cuticura healed it outwards, and the Soap cleaned and healed both. He is entirely cured now, but since then I have bought the Cuticura Resolvent to cleanse and purify the blood, and the Soap I cannot speak too highly of as a cleanser and medicinal beautifier. I can truthfully say the Cuticura Remedies are all they are claimed to be."

Mrs. Agnes Wright, Chestnut St., Oct. 16, 1905. Irwin, Pa.

FOR WOMEN Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in antisepsis, cleansing, thus affording pure, sweet, and economical local and constitutional treatment for inflammations, itchings, irritations, relaxations, displacements and pains, as well as such sympathetic affections as anemia, chlorosis, hysteria, nervousness and debility.

Neighbors summoned Dr. C. S. Patterson, of No. 129 West One Hundred and Twenty-ninth street, who said the first shot would have been sufficient to cause Herthaus's death.

DAUGHTER OF KING EDWARD SURVIVES SEVERE OPERATION, BUT RECOVERS WILL BE SLOW.
